Invited lectures, short oral communications and posters will be presented at the symposium.

Information for participants:

1. Please, complete the *Registration form* at the website of www.czechfoodchem.cz **not later than 11th May 2026.**

2. If you want to present a contribution, complete the *Abstract submission form*, not later than **26th April 2026** (last minute posters by 15th May 2026).

3. Participants arrange accommodation by their own. The organizers only recommend using the services of several accommodation facilities at different price levels. Details, including prices, are available at www.czechfoodchem.cz under the Venue/Accommodation bookmark.

4. Registration fee consists of conference fee, lunches and dinners, and it is:
   Standard full fee: 210 EUR
   For full students: 145 EUR*
   One-day fee: 130 EUR

   *) *After registration, please send confirmation of student status (e.g. copy of ISIC card) to the address czechfoodchem@vscht.cz.*

For detailed items of registration fee and the method of payment, refer to the *Registration form*. If you use a bank transfer for payment, **pay the fee not later than May 15, 2026.**

Note: Remit the fee (both in CZK and EUR) to the account of the Czech Chemical Company (account holder), VAT ID: CZ00444715. IBAN: CZ70 0800 0000 0019 2295 2379, BIC SWIFT: GIBACZPX., bank address: Česká spořitelna a.s., Václavské náměstí 16, CZ 110 00 Praha 1. Variable symbol is 192026. Don't forget to put your name (name of the participant) in the note for the recipient – it is necessary to identify the payment! In the case of group payment, put all the names of participants (if the capacity of the note allows it) and also send a list of the names of all the registered participants to czechfoodchem@vscht.cz.

5. The symposium starts on Sunday 18th May 2025 at 16:00 at UCT Prague, Technická 3, building B, Prague 6 Dejvice, in the Respirium (about 50 m to the right after entering the main entrance of the building). The main scientific program of the symposium will take place on Monday and Tuesday, May 19th and 20th in the conference halls (Willenberg and adjacent halls) of the ČSVTS building at Novotného lávka 5, Prague 1.

6. The time limit for presentations (except for invited lectures) is 15 min. A data projector, a microphone and a presenter will be available for a speaker. Printed poster contributions will be posted throughout the symposium. Dimensions of the panels for the presentation of posters: height 130 cm, width 95 cm, fixation with adhesive Velcro will be provided. An alternative to physical posters is their placement on the website with the possibility of viewing by participants on their electronic facilities or a PC located in the poster room. For detailed requirements for processing contributions, see the Guidelines for Authors.

8. Proceedings of full-text contributions (papers and posters) will be published after the symposium on the website www.czechfoodchem.cz during the late summer. ISBN and ISSN will be assigned to the Proceedings.

   Instructions for authors of contributions to the Proceedings are also available on the website www.czechfoodchem.cz. The authors of the contributions are responsible for the linguistic and factual correctness of the text. **The deadline for sending the full-text contributions is 31st July 2026**. Contributions received after this date and the contributions that were not presented at the symposium by one of the authors, will not be included in the Proceedings.

Prague, 14th May 2026
